

ARIZONA

Exclusive Native American Tours

DETOURS (866-438-6877, www.detoursaz.com), Arizona's small group adventure van tour company, has unveiled three new Native American tours, offering visitors a never before seen perspective of the land and the native peoples of the Southwest.

These four- and five-day tours offer unique access to some of the most beautiful Native American territory in

DETOURS excursion

Arizona. The tours are led by expert DETOURS driver-guides. Along the way, Native American guides will contribute personal insight on the land that is their home.

Travelers will enjoy the safety and comfort of specially outfitted adventure vans, which are configured for touring on scenic back roads that most tour vehicles cannot traverse. The vans feature individual seating for ten guests in high-back, leather captain's chairs that recline. The adventure vans are outfitted with an onboard digital photo printer for custom color prints.

All tours are conducted in a manner that is ecologically and culturally sensitive. Custom departures can be scheduled for groups of six or more. The company specializes in personalized day tours departing from Phoenix, as well as an expanding inventory of multi-day tours. **II**
